

At Training Practical Solutions

Consultancy, our mission is to continuously improve the quality of workplace education and training through actively promoting and applying principles of Practical Solutions.

In recognition of our mission, our objectives are:

- People
- Safety and Equality
- Compassionate and Empowering
- Quality Committed
- Learner Centered
- Industry Engagement

With our extensive experience in training, we aim to support employees towards becoming more technically qualified and proactively contribute to the improvement of their workplace; through sustainability work practices as well as an ongoing culture for continuous learning.

At TPSC, we also encourage and actively participate training programs to support the long term unemployed and those e with disabilities to return to the workforce.

# MSS30322

## WHAT'S IN IT FOR YOUR BUSINESS

By involving and engaging your employees in MSS30322 Certificate III in Competitive Systems and Practices, your business stand to benefit from the application of relevant and effective lean tools to improve growth performance and help to sustain continuous improvement efforts.

This training is beneficial to employers who are looking to up-skill, re-skill and/or consolidate work experience for potential, new and existing staff members.

TPSC will assist you by tailoring the training to ensure that the outcomes required by your business are achieved through this training.

## PRIOR SKILLS, KNOWLEDGE & WORK EXPERIENCE

This qualification assumes that a learner has current or past work experience where some operational or technical skills have already been gained. The qualification is not suitable for direct entry from school. This qualification is offered as both a Traineeship or a Non-Traineeship and caters for multi-skilled outcomes as well as roles that include team leader functions within any manufacturing, production, logistics, warehousing, agribusiness or other industry environment.

**ACT AS YOU LEARN,  
LEARN AS YOU ACT**

## ENRICH YOUR EMPLOYABILITY SKILLS

Reinforce and enhance your current skills, knowledge, and abilities that are relevant and helpful. This qualification supports your understanding and involvement in Lean principles, effective communication and professional development.

These newly developed skills may bring opportunities for additional responsibilities, reinforce your safety practices and continue to adapt to the challenging work environment.

This qualification allows for potential professional growth which is most essential to secure continuous employment in this robust economy.
